OUR LOCAL OPTIC.

Goldsboro and Vicinity History in Brief
Epitome of Sayings and Doings, Wise and Otherwise, Run Down and Run In by Omnipresent Ubiquitous, Local "Grand Round."

We've got the best town in the State.

The season for "Bock beer" has arrived and so has the beer.

The city carts for the removal of garbage have been placed under the supervision of the Chief of Police.

Yadkin county, away up among the peaks and eagle nests, instructs for Aycock. We go forward.

Mayor Peterson has exchanged with Mr. A. J. Harrell his New Hope farm for several tenant houses and lots in this city.

Calvin Edmundson, a well known white war, died Thursday at his home near Eureka and the funeral was held Friday.

Candidates for the various county offices to be voted on in the coming election are already in the field, and the indications are that the crop will be large.

Elder J. W. Gardner, of this city, officiated at the funeral of Mrs. W. R. Hooks at Fremont, last week, which was attended by a large concourse of sorrowing relatives and friends.

Mr. I. B. Fonvielle, the well known and popular Walnut street grocer, who has been spending some weeks in South Florida, arrived home last week, greatly improved by his trip, his many friends will be glad to know.

The ARGUS is glad to announce that our popular townsman Mr. W. H. Smith, president of the Wayne Agricultural Work, who has been confined to his home by an attack of the grip, is improving.

Mr. W. H. Collins, secretary and treasurer of the Endowment Rank, Knights of Pythias, recently paid over to Mrs. N. J. Smith \$3,000, the amount of insurance on the life of her deceased husband in the Knights of Pythias.

The large two-story brick building, in the vicinity of Wayne Cotton Mill, to be occupied by the Felt Mattress Factory of Royall & Borden is nearing completion, and the machinery will soon be placed in position.

In the damage suit of W. D. C. Richardson against the W & W. R. R. Co., the Supreme court has sustained the verdict of the jury in the Superior court of this county, which was against the plaintiff.

Those residents of Goldsboro who have signified their willingness to entertain spinster guests at the coming convention will please communicate at once with Miss Josephine Jane Green, Miss Rachel Rebecca Cummings, or Miss Martha Elvira Blathers, committee on entertainment.

Some old people, whose weather predictions heretofore have given them prestige in the weather business, are of opinion that we will have some very severe cold weather yet before the advent of spring. The indications seem point to a fulfillment of the prophecy.

By invitation a representative of the ARGUS recently visited the Olympia Club rooms in this city. We doubt if there are club rooms anywhere in the State furnished more handsomely. The scene that greets the eye on en-

tering the building is one of luxury. Gaily carpets with artistic furniture attracts the attention. A stroll through the building is really interesting because of the suggestions of comfort and convenience which are evident everywhere.

Mr. and Mrs. Frank Avant arrived in the city last Friday afternoon and are the guests of Elder J. W. Gardner. This is the first visit of Mrs. Avant, nee Miss Pet Pate, since her recent marriage, and her many friends are real glad to welcome her and her husband to her old home here.

Mr. J. E. Palmer, all the way from Sydney, Nebraska, arrived in the city last Saturday prospecting. Mr. Palmer is a farmer of many years practical experience, and is desirous of farming on shares with some land holder in this vicinity. The rigorous climate of Nebraska was too much for him, hence he comes south.

Onslow county last week instructed its delegates to the State convention to vote for Aycock for Governor. Thus are his preeminent merits recognized, as county after county holds its convention. There will be but one ballot in the State convention. In fact, we are beginning to believe there will not be any ballot at all, but that Aycock will be nominated by acclamation.

When the State Convention meets in Raleigh on the 11th of April every man from Goldsboro and Wayne county who can do so should be there. A big delegation will show the people of the State the high estimation in which we hold our gifted son Chas. B. Aycock, the next Governor of North Carolina. The K. of P. Brass band should be employed to head the Wayne county delegation at the State Capital.

The Goldsboro Fire Department is already talking of the State Firemen's Tournament to be held in Wilmington this year. In fact active preparations are being made and soon regular practices with horse and hand reels will begin. The laurels which Goldsboro has won in the past have been worn with sufficient pride to not allow interest in such things to be on the wane.

There is not a vacant store in the business section of Goldsboro at present. All of our merchants seem to be doing good business. The laborers are all employed at fairly good wages and a great many are buying homes on easy payments. This is not "manufactured news." It is a solid fact, and with these conditions prevailing at the dull season of the year we may reasonably expect a prosperous year when the money season for the farmer comes on.

The death of Mrs. Ione Ham, relict of the late Wm. Ham, occurred this morning at her home in Eastern Goldsboro. She lived with her daughter and son-in-law Mr. and Mrs. Ernest Phent. At 8 o'clock this morning she was up and went into her daughter's room in apparently good health. When the family arose at the usual hour Mrs. Ham was found dead in her bed. It is said that when a young lady was the most beautiful woman in all the section in which she lived. The funeral will be held from the home to-morrow afternoon conducted by Rev. F. W. Farries and the interment will be made in Willow Dale Cemetery.—Daily Argus of Saturday.

A Life And Death Fight
Mr. W. A. Hines of Manchester, Ind., writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in Consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for Consumption, which completely cured me. I would not be without it even if it cost \$5 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure Throat, Chest and Lung trouble." Regular size 50c and \$1.00. Trial bottles free at Hill's Drug Store.

Relief in Six Hours.
Distressing Kidney and Bladder Disease relieved in six hours by "New Great South American Kidney Cure." It is a great surprise on account of its exceeding promptness in relieving pain in bladder, kidneys and back, in male or female. Relieves retention of water almost immediately. If you want quick relief and cure this is the remedy. Sold by M. E. Robinson & Bro., Druggists, Goldsboro, N. C.

GREATER GOLDSBORO.

THE BORDEN MANUFACTURING COMPANY ORGANIZES TO BUILD A LARGE COTTON MILL.

Authorized Capital \$500,000

Mill to Be Ready for Operation by September—It Will Be an Inspiration for Other Manufacturing Enterprises.

The announcement that we make in the above heading is a FACT.

And in this fact every citizen of Goldsboro in particular, Wayne county in general, and the State at large will feel a thrill of pride and an increase of hope and a quickening of the spirit of energy.

Goldsboro is to have another Cotton Factory. It is to be up-to-date in equipment, and its output will be the best quality of yarns that the best machinery of the day can spin; and this means that the new mill will have no superior in the country at large; and no equals, unless of recent construction and equipped with the best machinery that is now being made.

The new mill is to be owned and operated by "The Borden Manufacturing Company," whose name it will bear, and this of itself is an earnest, not only in Goldsboro but to the commercial world, that it will be one of the finest, and a success from the start: for the name of Borden in this community,—as well as in connection with the big factories of Fall River, where a branch of the family reside—has ever been synonymous with success, and therefore their pride of ancestry and public spirit, together with their well known business sagacity, put beyond all question the success of the Borden Mill.

The company is composed entirely of members of the Borden family and their business associates. Its paid up capital is \$100,000, with the privilege of increasing to \$500,000 as occasion requires. Mr. Frank K. Borden is president and Mr. E. B. Borden, Jr., is secretary and treasurer, and Mr. K. J. Davis is general manager.

All the construction and machinery contracts are now being negotiated, and the new mill is to be in operation by the first of September—the month that marks the opening of the new year in the trade world. Yes, vacation is then over. Summer travelers are returning. The vast machinery of business life turns with accelerated motion. The churches enter upon a new campaign of evangelization. The schools gather in their vast population of children, and lessons begin.

And so with the coming of next September will the Borden Cotton Mill gather in its horde of skilled operatives—with all that this signifies to the community, of profitable employment to hundreds, cozy homes to the workers, a lucrative market town for the farmers, cash customers to the merchants etc.—making the hours of the day joyous with the music of its myriad spindles and "feeding the heart of the night with fire" from the smokestacks of its busy engines.

It means more than this, too, for Goldsboro. It means a deepening and widening of faith in the future of our town; a keener realization of the advantages and possibilities that are ours; a thrill of fresh energy through every pulse, inspiring us to renewed hope and confidence and determination and increased endeavor, and all these, attuned to united action and a common purpose on the part of our reawakened people mean yet other factories and inestimably greater things for Greater Goldsboro.

"Winter Finds Out What Summer Lays By."

Be it spring, summer, autumn or winter, someone in the family is "under the weather" from trouble originating in impure blood or irritated condition of the system.

All these, of whatever name, can be cured by the great blood purifier, Hood's Sarsaparilla. It never disappoints.

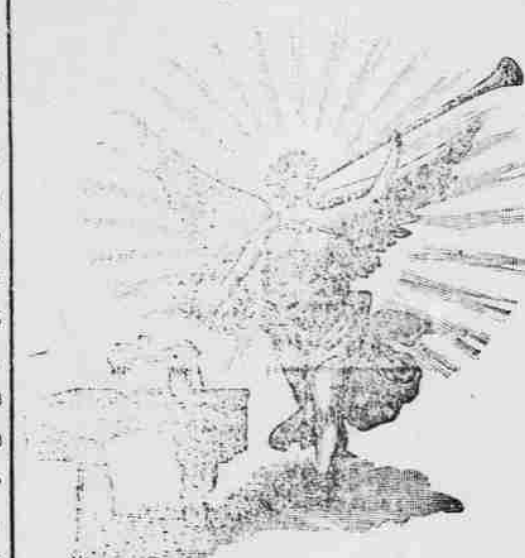

Abscesses—"I am past 54 and my good health is due to Hood's Sarsaparilla and Hood's Pills, which purified my blood and healed the ugly abscesses that troubled me." Mrs. Barrow C. ESTELL, Southard, N. J.

Dyspepsia—"My husband doctored a long time for dyspepsia with only temporary relief. The first bottle of Hood's Sarsaparilla helped and the second cured him. It cured my sick headaches." Mrs. MARY A. CLARK, Wilmington, VT.

Hood's Sarsaparilla
Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.
